

SWE 642 HW2 – Kevin Leary

The homepage contains the link to the new s3 bucket application for the survey.

The Class Homepage S3 website is accessible at:

I deployed the latest Survey and GMU homepage to the S3 bucket provided below. This assignment was more intense and I struggled to get it totally done on time. I was able to incorporate most of the Javascript but couldn't really get to the HTML to work totally with my HTML, CSS, and Bootstrap configurations that I used.

Latest CS Survey page is accessible here:
